COLLECTION'S HISTORY

Raffia has achieved a new handicraft feat : it has embodied 3 dimensions. Thus it presents itself crafted in two ways, in a creation which doubles its natural beauty with true creative originality. With its pompoms placed randomly by the craftsman, sometimes even tinted manually in tie-dye, it is adorned with lightness. Also used for the backing, raffia gives the evanescent dance of the pompoms a rawer base, with an irregularity that gives all its soul to the weave. At its side, the craftsman offers a series that awakens the raffia weft with a brushstroke on the fly.
